## RHEUMATISM ROUTED.

### A Case from Scriven County.

In the editorial columns of the *Sylvania Telephone*, bearing date August 14th, the editor, Col. Wm. L. Matthews, Jr., has the following in reference to remarkable cure of rheumatism by Swift Specific.

"We know a gentleman in this county who, six months ago, was almost a hopeless cripple from an attack of rheumatism. He could scarcely hobble across the room, used crutches, and said himself that he had little if any hope of ever recovering. We saw him in our town last week, walking about as lively as any other man, and in the finest health and spirits. Upon our inquiry as to what had worked such a wonderful change in his condition, he replied that Swift's Specific had cured him. He said he was on the eve of starting for the Hot Springs in search of relief, but was persuaded by one of his neighbors to try Swift's Specific, and after taking a dozen and a half bottles, he has been transformed from a miserable cripple to a happy, healthy man. He is one of our most worthy and successful citizens, and is none other than Mr. E. B. Laidley."

Col. John L. Scott will deliver the address to the graduating class at Midway Orphan College on Thursday, May 17 h, at 10 o'clock.

The biography of Judge Richard Reid is out and circulating rapidly. It is a wonderfully interesting book, and presents the life and character of the lamented Judge so truthfully and vividly that he seems to speak to you in person from every page. No one pen wrote it. It is the product of his legion of friends throughout Kentucky, in all the professions and walks of life, speaking out of their personal knowledge of the man. These testimonies are deftly linked together and all necessary facts additional supplied by the devoted wife, who has edited the volume. It is a difficult book to lay down when once picked up. There is so much to delight and charm in its richly freighted leaves. A prominent gentleman of an adjoining county said of it, "I cannot lay it down—each page is more interesting than the last." Another declared, "There is a fascination in the book that overpowers me—I could not stop until that literally devoured it from beginning to end."

It is dedicated to the bar of Kentucky, of which Judge Reid was one of the greatest lights it ever had, and among which, in every locality, it is having a rapid sale. One would think that every lawyer of the State would want upon his library shelves this well told story of the splendid life and tragic death of Richard Reid.

If the most profitable literature for the young is the biography of the good and great, this is the best book the fathers of Kentucky could put into the hands of their sons. It will fill them with lofty ideas of manhood. It will inspire them with noble aims. It will magnetize and sanctify them by contact with one of the sweetest and grandest spirits that ever grew to man's estate on Kentucky soil. The perusal of this book will be no small item in the education of any young man.

We could wish nothing better for this community than that a copy of this valuable book should go into every home. It is one of the very best biographies that has come from the press in our day. We are glad that the public is so promptly appreciating this fact. It argues well for its discriminating taste and intelligent judgment. It is a compliment to Kentucky to appreciate and prize the beautiful character of such a man as Judge Richard Reid.

## THE NEW ROLLER MILL.

### Sager's Mill Transformed by the Substitution of New Process Machinery.

The Vidette localist, bearing, that the Sager Mill had been started up again with an entire new outfit of the most modern machinery, strolled over there to witness the improvement, and finding it entirely superior to his greatest expectation, he decided to "give away" some facts about which the public might otherwise never know.

First he finds the property leased for a term of years by the Sager estate to Dudley Watson, who comes from Kentucky to make his home with us, and that the mill has been cleared out entirely of the old machinery, which gives place to some \$6,000 or \$8,000 worth of new.

The outfit now is as follows: 12 pairs of rolls for reducing the wheat to middlings and flour; 4 Geo. T. Smith purifiers to purify the middlings; 10 scolding reels for separation; 4 Kuekerbocker cuts, cleaning machinery, &c., making a complete roller-process mill with a capacity of 75 to 100 barrels per day.

The Kuekerbocker Co., of Jackson, Mich., were the contractors and builders, under the superintendency of Mr. C. M. Harris, the millwright being Mr. Frank Wentworth.

The new mill was started Monday, and from the first revolution everything has moved smoothly and satisfactorily, showing not only that the machinery is good, but that it was likewise accurately set up.

The flour produced by this mill is equal to the very best in the market, the wheat of this county grading well, the mill being of the very best and latest improved make and the manager, Mr. Watson, being an experienced and competent miller.

Citizens are conjured to patronize this home manufacturer. When in need of flour try a sack of the "Juno" brand, and henceforth you will not be at a loss for the best and most reliable flour.—*Porter County (Ind.) Valley.*

The new opera, *Lena*, will soon be put on the stage in this city. Some of the best musical and dramatic talent in the State has been engaged for its rendition. It has been highly commended by several excellent critics, who have examined it. We predict for it extraordinary success.

## Bridgeport.

Rev. Rabt E. Caldwell will preach at the Franklin Church to-morrow morning at 11 o'clock.

## To the teachers of Franklin County:

Next Saturday is the day for the regular monthly meeting of the County Association. Will you meet with us? Our county was the first to set in motion the great tidal wave that is now sweeping over our State. Shall we now relax our energies? Shall we fold our hands and say our work is done? If we would reap the benefits of our labor we must be on the alert. Other parts of the State are reaching the rejuvenations of our meetings. Then let us keep them up. Let each one take this as a personal appeal to themselves and come to the meeting next Saturday.

Pres't F. C. T. A.

## AFTER DINNER.

Persons who suffer from indigestion can arrest the progress of that painful malady by the use of an after-dinner pill, so composed that it will give tone to the stomach, prevent heartburn, rouse the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYER'S PILLS are so compounded that their action, though mild, effectively produces the above results. They also, in curing Constipation, remove the cause of Biliousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious ailments.

## AYER'S PILLS

contain no mineral nor poisonous substance, and do not grip unless the bowels are irritated, and even then their influence is healing. To constitute their effect in constipated or chronic cases, they need only be taken in diminishing instead of increasing doses. For senile, and infants or travelers in sparsely settled countries where physicians are not at hand, they are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases cure, if taken promptly. To young girls just entering upon womanhood, and to women whose health and femininity is drained to a close, Ayer's Pills, in moderate doses, merely sufficient to ensure regular action of the bowels, will be found of

## Incalculable Value.

## FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky second class mailable matter.

GEORGE A. LEWIS.

Editor and Publisher.

FRANKFORT, MAY 1, 1886.

Advices from Maysville state that Mrs. Otton's entertainment there is a brilliant success.

Mrs. Elizabeth Graham, mother of Mr. W. L. Graham, of this city, died Thursday morning at the residence of her son-in-law, Mr. Wm. Clark, near Lagrange, after an illness of several months with dropsy, aged about 72 years. The remains were brought to this city yesterday morning and interred in the cemetery.

Another excursion train will be run from Lexington to Louisville to-morrow in order to furnish the lovers of baseball a chance to witness the game between the Cincinnati and Louisville Clubs. The train passes through here at 9:15 in the morning, and returning leaves Louisville at 7:50 p. m. The fare for the round trip will be \$1.50.

Workmen are busily engaged in putting skids under the steamer Hibernia and it is expected to get her into the water in about a week. As the bank is cut away from under her hull straightens up, and it is thought she will be all right. It has not been found necessary to take the machinery out of her.

The recent rise in the river left such a large deposit of sand in the entrances of several of the locks that loaded coal barges cannot be towed through them and the dredge boat, Monongahela, which has been lying just below the St. Clair Street bridge, on the South side, for several months, left Saturday to go down and clear them out.

Woman's Exchange, corner of Main and Ann streets. All varieties in the eating line may be expected on Saturday, May 1st. The following is the list of the ladies who furnish, viz: Mrs. Jas. Magill, Mrs. Manerva McEwing, Mrs. F. C. Hughes, Mrs. J. S. Price, Mrs. J. W. Payne, Mrs. John Rodman, Misses Hallie Walker, Katie Brawner, Mary McEwan, Katie and Lida Mangum and Susie Rodman.

Mr. Samuel Klass, of this city, and Miss Dorra Jacobs, of Louisville, were married Thursday afternoon, at the residence of the bride's parents in Louisville, by Rabbi Kuttner, in the presence of a large assemblage of the friends and relatives of the contracting parties. The newly wedded pair arrived in this city yesterday evening and went immediately to the home Mr. Klass had prepared for his bride, and settled down to housekeeping.

The celebration of the 67th anniversary of Odd Fellowship in America by Canton Berry, No. 6, on Monday evening, was not largely attended but was greatly enjoyed by those present. The ball room at the Capital Hotel had been secured in which to give an exhibition drill in the early part of the evening, but when the Chevaliers marched up there they found the room occupied by others, and had to return to their Temple, in the large hall of which the drill was given. After the drill was over the members of the Canton, together with invited guests sat down to an elegant supper which had been prepared by the wives and mothers of the Odd Fellows, and spread in the small hall of their Temple under the direction of Mrs. C. A. Nelson, Mrs. McEnnis, sr., Mrs. Wm. McEnnis and Mrs. W. Howe Williams.

It was a feast which the ladies may well be proud of, and to which those present did ample justice. The supply of good things was so abundant that large baskets full were sent out to needy families after the supper was over.

Canton Berry is increasing rapidly in numbers, and the drill corps in proficiency under the instructions of Col. J. B. Williams, and by the time the next anniversary rolls around we may expect to see her numbers more than doubled, and as for drill she will carry off the horns from any Canton in the State.

Common Pleas and County Courts both meet Monday.

Prof. Mauser's grand concert will take place on the 4th of May.

The spring races over the Kentucky Association course at Lexington begin Wednesday next, May 6th, and continue until Wednesday the 12th.

The thirteenth annual exhibition of the Franklin, Anderson and Salvisa Agricultural and Mechanical Association will take place this year on the 17th, 18th, 19th and 20th of August on the grounds of the Association, near Lawrenceburg.

It seems now to be pretty well settled that the Legislature will not adjourn until after Harman's Circus comes. It is to be hoped that the enterprising showman will not get away with any of the wild animals of this distinguished(?) body.

In our last issue we spoke of the four Councilmen who voted against the proposition to rebuild the City School building upon the old site as opponents of the school. This was an error as the gentlemen in question claim that they are not opponents of the school but of the proposition to erect but one school building only.

The Cora Van Tassel Company have been playing their Second engagement at the Opera House this season, during the past week, to good audiences. The plays presented have all been well selected and put upon the stage in first class style. The company is a good one and bound to draw good houses wherever they go. Their engagement will be concluded to-night, when the "Hidden Hand," will be presented. This afternoon a grand matinee will be given at which Enoch Arden will be the attraction.

Mr. Wm. Jeffries, of this city, and Miss Jennie Denison, of Louisville, were married Wednesday afternoon, at 4 o'clock, at the home of the bride in that city. The happy young couple came to this city the same evening, and have taken rooms at his mother's in South Frankfort. The groom is a most excellent young business man and has been exceedingly fortunate in securing so fair a partner for life. We extend them our congratulations upon a union so happily made.

The "constantly tired-out" feeling, so often experienced, is the result of impoverished blood, causing enfeebled vitality. Ayer's Sarsaparilla enriches the blood, increases the appetite and promotes digestion. The system, thus invigorated, feels new strength and energy.

## An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years, my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c. per box by Joe LeCompte. 5

### FRANKFORT ROUNDABOUT.

#### Forks of Elkhorn.

Plenty of fish.  
Step-ladders in demand.  
Angling now is the sport.  
The needed shawl came in time.  
Mrs. James Gallihue spent last Tuesday in Scott.  
Miss Lena Crane, of Stedmanville, is visiting friends and relatives here.  
Mrs. J. V. Crane has been quite sick for some time, but we are glad to know she is better.  
Mr. Lloyd Featherston and family spent last Sunday with W. M. Wilkerson, in Scott.  
Mr. Cass South caught 62 newlights last Monday in Main Elkhorn, a little below the Forks. The boss string of the season.  
Col. Wingate caught a four and a half pound bass at Stedman's dam, on Main Elkhorn, last Tuesday. So much for the step-ladder arrangement. The Col. should apply for a patent.  
It is a shame that the men we chose to make our laws, men who should be moral, should be guilty of breaking the Sabbath by drinking, fishing, etc. Now we don't condemn all the Legislators, but only those who are guilty, and especially those who were seen last Sunday on Main Elkhorn. The citizens of Stedmanville are thinking seriously of presenting their case to the grand jury.  
Master Owen LeCompte, a lad of great magnetic power, who lives in a half mile of our village, gave an exhibition at the school house last Monday night and exhibited some wonderful feats. Eight of our strongest men tried to hold a bench, but as soon as Owen placed his hands on the bench he could move it and the men anywhere he desired. By placing his hand on the head of a man he could make him drop to the floor, although two others tried to hold him up. Strong men seemed to be only babies within his grasp. He accomplished many wonderful feats, but for want of space here we cannot give a full description of this performance.

#### Stoney Creek.

News scarce on account of dry weather. Farmers are busy planting corn this week.  
Mr. Lee Moore has a very bad attack of fever.  
Mr. J. J. and Mr. M. L. Smith were the guests of Wm. Lewis and family, Sunday.  
Mr. John LeCompte and wife visited his father, Mr. Wm. LeCompte, Saturday and Sunday.  
Mr. Wm. Smith, wife and daughter and Mrs. A. J. Greenwell visited Mr. Poley Smith and family Sunday.

DIED—April 26, at 6 o'clock P. M., Mr. Dock Derby, one of the best and most highly esteemed Christian gentlemen in Franklin county, died at his home on Pleasant Farm, on Stoney Creek, this county, of the wonderful dread disease, dropsy of the heart which attacked him but a few months back. He was very near 66 years of age when he was called to his heavenly home where but few of us are ever prepared to reach. Bro. Kerby leaves a large family and friends to mourn his loss. Peace to his ashes.

#### Bloomington.

Mr. and Mrs. George Wiley spent Sunday visiting Mr. Ed. Wiley, of Switzer.  
Miss Mary Webster spent several days this week visiting friends in Woodford.  
Mr. Wm. Jones and Dr. Morris spent Saturday with their aged friend, Capt. Sam. Steele.  
Mr. James Luckett, chairman board trustees, this district, reports sixty pupils of school age.  
Misses Julia Wallace and Kate Duval and Mr. H. T. Settle spent Sunday visiting Miss Kate's mother, Mrs. Yant, of Rockdale.

LOAN.—Between Gibson's shop and Bloomington, a light colored hair bread, which the finder will please send at Bloomington.  
Messrs. E. C. and W. B. Onan on the 3d Monday took a lot of two-year-old mules to the Georgetown market, but failed to make a sale. They report the prices very dull, with very little stock on the market.  
Mr. Sam Bull, one of the best singers of Frankfort, will be at Thorne Grove next Sunday to assist in organizing a Sunday school. The neighbors should turn out and show that they appreciate his interest in us.  
Mr. Byron Seantland, on last Friday, caught from his pond a carp which weighed nine pounds and nine ounces. This is the third fish that Mr. Seantland has caught since he owned the pond, this being a little larger than the others.

#### Bald Knob.

The Eclectic school has a daily average of 60 pupils.  
The character of a district is said to be known by the character of its school.  
Why was Adam the first in the market business? Some one please answer.  
Miss Hledose, of Stoney Creek, was the favorite at the Sunday-school last Sunday.  
Miss Ella Rogers, a refined young lady of Tioga, visited Mr. W. L. Lee and wife last week.  
Mr. Ed. Duncan, whom we mentioned in your last issue, is still very low with typhoid fever.  
Mr. Charles Hulet, the Tioga salesman and merchant, visited Mr. W. L. Lee on last Sunday.  
Mr. Jas. Sullivan, of Woodford county, took an active part in the Sunday-school on last Sunday evening.  
Miss Eleonor Hamilton's school at Eden school house is in a progressive condition, and deserves special mention.  
Miss Mary T. Merna, of the Teacher's Association, will be solicited to teach a school of 120 pupils adjacent to here.

Mr. Noel Lee, the young prince of the Knob, will apply to the School Board of examiners for a new diploma. Mr. Lee is a gentleman of the highest merit, deserving all the honors he may seek for.  
At a select social last evening a smart young lady screamed out, "The autumn days have come. Ten thousand leaves are falling." She squealed so ludicrously high as to compel her to stop. An excited auctioneer present roared out, "Start her at \$5,000."  
It is the opinion of all classes here that Col. John L. Scott, of Frankfort, can secure "at the hands of the people" any office of power or trust in Kentucky, including the executive chair. They seem to find this theory from the Col.'s dauntless heroism in framing and advocating a successful school bill at his personal time and expense.  
Equire W. B. Tracy may justly be termed the politest gentleman in Franklin county. On last evening, when about 40 lovely young girls were returning from Prof. Tracy's Eclectic Business School, the "Squire, on meeting the beauties, uncovered his head, addressed them, then passed on, carrying his hat in his hand for nearly a mile.

#### Good Results in Every Case.

Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by the use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with the best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery.
